

De Sternhof and measures around Corona summer 2020

We regret these measures, but hope for your understanding. This way the Sternhof can open again and we take good care of each other's health.

The bed & breakfast

The guest kitchen and common areas are not available to B&B guests from Monday to Friday between 9:00 AM to 4:30 PM. Other times only in consultation.

This is due to the daytime activities for the elderly in the yard and in the building from Monday to Friday between 8.45 am and 4.15 pm.

As a guest you also have your own responsibility regarding hygiene, especially in kitchen use. Cleaning products are provided.

- **The general reception is open between 08:00 - 09:00 and between 17:00 - 22:00.** Also for folders / payment / questions.

This is because of the daytime activities that come in and out on the Mon. up to and including Fridays.

We are more accessible by phone on tel. 06-1047 666

The camping

The sanitary facilities are cleaned in the morning and late afternoon.

Keep your distance, even when washing dishes and sanitary, thanks !

Times for the general reception see above. Also for viewing brochures or questions about outings, etc. do not pay during the hours of the daytime, see times above.

The barefoot path

The important thing is to keep your distance! Also at the reception of the path and choosing ice cream or drinks. **Give each other space, wait a minute, the path is 1500 m. So that should work.**

You are all welcome in our green yard!

Keep at least the 1.5 m distance!

Then everyone has a good time here at the Sternhof 😊😊
